**Subject: CAQM's Direction No. 78 dated 19.10.2023 on migration of inter-city bus services in NCR to cleaner modes - clarification - reg.**

**Reference: Representations from various bodies for permitting BS-IV "All India Tourist Permit" Diesel buses in Delhi - NCR.**

Sir,

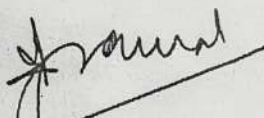

Vide the subject Direction, the Commission stipulated targeted timelines in respect of migration of all inter-city / inter-state bus services serving Delhi and other cities / towns in NCR to only EV / CNG / BS-VI diesel.

2. Transport Department/ Traffic Police Department of GNCTD and all the NCR States were accordingly requested to widely disseminate these directions amongst all stakeholders and ensure strict compliance through regular monitoring of the field level implementation, including such inter-city/ inter-state bus services being operated by State PSUs and private entities etc.
3. Various tourist operator association/ organisations have represented before the Commission that their bus services are also being dealt with by

Various enforcement agencies in the NCR of Delhi under the ambit of Direction No. 78.

4. They have further submitted that unlike point-to-point bus services, their operations are not restricted to Delhi/NCR but to all parts of the country, depending upon the tourist demand from various sectors and the bulk of operations for such buses are beyond the territory of NCR and have accordingly requested for permitting selective plying of BS-IV diesel "All India Tourist Permit" buses / tempo-travellers/ mini buses in Delhi-NCR, for providing services to tourists from across the country.

5. While the subject Direction No. 78 was issued only in the context of inter-state/ inter-city public bus services being operated by the NCR State Govts., including State PSUs and private entities, it is hereby again clarified that these directions shall not be applicable to buses, tempo-travellers, mini buses etc. under "All India Tourist Vehicles (Permit)" serving to the tourism sector.
